Professional Summary

AI Prompt Engineer and Python Developer with experience building Generative AI applications, AI-powered SaaS platforms, and scalable backend systems using OpenAI API, AWS Bedrock, FastAPI, and React.js. Skilled in prompt engineering, LLM workflows, NLP, AI automation, retrieval-based systems, and cloud-native AI deployment. Experienced in designing intelligent prompt pipelines, AI report generation systems, CMS platforms, and enterprise-grade APIs.

Technical Skills

Programming Languages:	Python, JavaScript, PHP, C
AI / Generative AI:	Prompt Engineering, OpenAI API, AWS Bedrock, LLMs, NLP, RAG
Backend:	FastAPI, Django, Node.js, Express.js
Frontend:	React.js, HTML5, CSS3, Tailwind CSS
Databases:	PostgreSQL, MongoDB, MySQL, SQL
AWS Services:	Textract, Comprehend Medical, Bedrock, SES, EC2, S3, IAM
Tools:	Git, GitHub, Postman, VS Code, Cloudflare

Professional Experience

Associate Software Developer — Devlogix 2025 – Present

- Developed an AI-powered SaaS application for automated report generation using Generative AI workflows and prompt engineering techniques.
- Designed and optimized prompt pipelines for intelligent AI-generated reports using AWS Bedrock and LLM-based architectures.
- Built scalable backend APIs using FastAPI for asynchronous AI processing and high-performance request handling.
- Developed responsive frontend interfaces using React.js with CMS integrations and dynamic content generation.
- Integrated AWS Textract and AWS Comprehend Medical for OCR extraction and AI-driven medical text analysis.
- Implemented secure PostgreSQL architecture with optimized query handling and scalable schema design.
- Configured AWS and Cloudflare infrastructure including deployment, CDN, DNS, and security optimization.
- Collaborated with agile teams to deliver enterprise-grade AI applications and scalable backend systems.

Internship Experience

MERN Stack Developer Intern — Shape My Skill Jul 2024 – Sep 2024

- Developed a real-time cryptocurrency analytics dashboard using MERN Stack and CoinGecko API.
- Integrated APIs for live market data visualization and trend analysis.

- Improved frontend responsiveness and API performance optimization.

Web Developer Intern — Acmagrade Pvt. Ltd.

Apr 2024 – Jun 2024

- Built an e-commerce platform using PHP, JavaScript, HTML, and MySQL.
- Developed authentication systems, admin dashboards, and product management modules.
- Improved UI responsiveness and frontend optimization.

Python Django Intern — Techphile Technology Pvt. Ltd.

Jul 2022 – Oct 2022

- Developed responsive web applications using Python, Django, and JavaScript.
- Worked on backend APIs, database integration, and frontend optimization.

Projects

AI Proctored Smart Examination System

Python, TensorFlow, OpenCV, React.js

- Developed an AI-powered examination monitoring platform with real-time facial recognition.
- Implemented machine learning models for suspicious activity detection and intelligent monitoring.
- Enhanced online examination security through AI-driven proctoring techniques.

AI Report Generation System

FastAPI, AWS Bedrock, OpenAI API, PostgreSQL

- Built a Generative AI-based report generation system using LLMs and prompt engineering workflows.
- Designed dynamic prompts for structured AI-generated content generation.
- Integrated scalable cloud-based AI services for enterprise-level automation.

Digital Currency Tracker

MERN Stack, CoinGecko API

- Built a live cryptocurrency dashboard with real-time pricing analytics and API integrations.
- Implemented dynamic visualization of market trends and financial data.

Education

Bachelor of Technology in Information Technology

Graduated June 2025

Dr. A.P.J. Abdul Kalam Technical University

Diploma in Computer Science and Engineering

June 2022

Board of Technical Education Uttar Pradesh

Certifications

- Python Essentials — Cisco
- Python Certification — Accenture
- Power BI Badge — Microsoft

Career Break

Health Recovery Break

Jul 2016 – Jan 2019

Temporarily paused academics for medical recovery and successfully resumed education with renewed focus, discipline, and continuous technical learning.
